Education

Tamkang University

Bachelor of Science (B.S.) in Computer Science. GPA: 3.92 / 4.0

New Taipei, Taiwan

January 2027

Relevant Coursework: Data Structures, Algorithms, Database Systems, Web Programming, Artificial Intelligence

Project

Inventory Management System

April 2025 – June 2025

Tech Stack: HTML, CSS, JavaScript, MySQL, MariaDB, Raspberry Pi

- Developed a real time inventory tracking system with warehouse and user management features
- Integrated MySQL/MariaDB databases and Raspberry Pi for system deployment
- Implemented reporting and analytics features for inventory monitoring

Personal Portfolio Website

October 2025 – December 2025

Tech Stack: React.js, Tailwind CSS, GSAP

- Designed and developed a responsive portfolio website with modern UI animations
- Implemented interactive components and optimized performance across devices
- Showcased technical projects, achievements, and multimedia works

AI-Powered Stock Market Analysis Bot (*Ongoing Final Project*)

May 2026 – Present

Tech Stack: Python, Machine Learning, Financial APIs, Streamlit

- Developing an AI-powered stock analysis system for predictive market insights.
- Integrating machine learning models and real-time financial data APIs.
- Designing an interactive dashboard for stock visualization and analysis.

Leadership & Activities

Tamkang University Indonesian Student Association (TKUISA)

September 2024 – September 2025

Multimedia Team

- Designed promotional and social media content for student organization activities
- Collaborated with team members to manage multimedia and event documentation
- Supported branding and communication initiatives for student engagement
- Utilized Photoshop and Lightroom for photo editing and CapCut for professional video production

Certification

Microsoft Certified: Azure AI Fundamentals (AI-900)

Microsoft | Verified via Credly | 2023

- Demonstrated foundational knowledge of artificial intelligence, machine learning, NLP, and computer vision concepts using Microsoft Azure

Skills & Interests

Technical: Python, HTML5, CSS, JavaScript, C, C++, React.js, Tailwind CSS, Node.js, Express.js, MySQL, MongoDB, Git, GitHub, Docker, Arduino

Language: Indonesian (Native), English (TOEIC 720/900), Mandarin Chinese (TOCFL A2)

Interests: Photography, Artificial Intelligence, Web Development, Web3 & Blockchain
